5. Integrated & Sustained Approach

Mental health is everyone's responsibility

Mental health specific systems, policies and procedures are integrated and embedded in the organisation. Interventions are tailored to each work group Improvement in mental health in the workplace is visible and continuous

4. Effective Action

Ongoing leadership commitment (work design, culture, funding) with a prevention focus
Universal mental health systems, policies and processes support evidence-informed interventions
at the organisational level, targeted at identified risks

3. Limited Action

The organisation recognises its responsibility to manage workplace mental health risks and issues Generic mental health systems, policies and processes with reactive, optional or unconnected interventions

2. Intention

General work health & safety systems, policies and processes with limited, ad hoc or outsourced psychosocial support services

1. Basic Awareness

The organisation views mental health as an individual's responsibility General WHS systems, policies and processes only Maximising productivity and individual worker gains and legislative compliance

Minimising organisational and productivity losses and legislative non-compliance
